

Belle Buddy Program

Belle Buddy Program

- *A program designed towards building relationships with one another and forming a strong support network for all of the dancers at Premiere.*
- *Monetary gifts are not the focus. The goal is to provide encouragement via cards, phone calls, e-mails, etc.*
- *Becoming an active participant in this program and making a difference in each other's lives.*
- *Each dancer will have their own style of being a buddy, but there are definite ways of how not to be a buddy. All of the girls involved are expected to act as team players and no rude or unnecessary comments will be tolerated.*
- *Each year we will change buddies just so students get the opportunity to meet other dancers at Premiere.*

I truly hope this brings all the dancers together by creating an atmosphere where students feel like the studio is a second home to them and a place where there are many memories, many laughs, and much fun. Enjoy getting to know your buddy!

Please keep gifts under \$3.00. You can leave your gifts on the café counter clearly labeled with their name. ☺

As a reminder to older students, please consider your commitment to being a buddy. It is important to remember that the younger students really enjoy this program and look forward to hearing from you!
