The prevalence of Metabolic Syndrom is exponentially increasing worldwide. CAM2022® is delighted to confirm an excellent scientific program is currently being planned for the 2022 Meeting

Dear Sponsor,

On behalf of the German-Cameroonian Medical Association (Camfomedics e.V.) and the Local and Scientific Organizing Committees we cordially invite you to participate in the Camfomedics Annual Congress (CAM22), which will be held in Mannheim (Germany) at October 1st, 2022.

A full range of topics will be covered by the leading experts in parallel symposia, as well as keynote and plenary lectures on exciting developing areas. Due to the COVID-19 pandemic we will offer a “hybrid” environment with the advantage of reaching an even wider range of experts.

A leading conference, the event can only become a success with active participation and support from the industry! On the following pages we will provide information you need to find the sponsoring opportunity most suitable for you. For updates please visit us at [www.camfomedics.org](http://www.camfomedics.org) or contact us directly (see contact details below).

We will be happy to tailor our sponsorship options to fit your specific requests! Needless to say that full recognition of your contributions will be made directly at the meeting as well as in the congress literature and on our website.

We thank you for your support and look forward to welcoming you in Mannheim for a memorable meeting.

Dr. med. Jean Oscar Kono Kono, Organising Committee
