KAYUTAH LAKE AIRPORT (2NY9)

THE FLYER

Volume 1 number 1

End of year 2020

2NY9 at dawn

This summer, we had our first meeting of an interest group for a 2NY9 airport association. I thought year's end would be a perfect time to summarize progress. The result is vol 1 number 1 of a newsletter I'm naming **KAYTYAH LAKE AIRPORT 2NY9 FLYER** or simply ***THE FLYER***

First some history as a means of saying thank you for your interest. Since I started flying in 1970 we have lost 3 small private airports within 10 miles of 2NY9 ….. Martin field and Appel field both in Montour Falls and Culver's field on County Route 6. I do not want 2NY9 to join that list. It borders on Cayuta Lake, Lake Grove Park, and the Connecticut Hill Game Management Area. Hopefully its location coupled with your interest will preserve this airport.

Since our last meeting I've been investigating building a 60x40 hangar for use by members of an 2NY9 association. The result is two documents. One is an **Airport Layout Plan** (ALP). A major purpose of 2NY9 is aircraft storage so the ALP identifies the location and construction of hangar A, parking lot, and wash area. For an individual who may want to construct their own hangar, the ALP identifies areas for leaseholds. A **Membership Plan** is the second document. My goal is to attract three or four pilots to base their ultralights or certified airplanes at 2NY9.

Both the ALP and Membership Plan need a critical review so please contact me if you are willing to read either or both. Perhaps this summer we could meet again to discuss these plans.

Let me give a specific thank you to Dave Vinish. After our summer meeting he created the domain 2NY9.com and set up an email for me: jallen@2ny9.com . Please visit our website www.2NY9.com. Refer any parties interested in 2NY9 either to my email or the website.

In tradition of all airports, congratulations go Benny Reynolds who used 2NY9 for his solo flight in his ultralight. Congrats Benny! Let's get the traditional autographed & dated T-shirt on the wall of Hangar A.

Happy Holidays to all from your author …. Jim Allen (jallen@2NY9.com)
