

**UKRAINIAN MANUFACTURER  
DECORATIVE LIGHTING**

- TM "FABRYKA SVITLA " Lviv, Ukraine
- We have been working on the market for 15 years
- We are engaged in the production of decorative lamps
- We produce serial products and products according to the wishes of customers
- Many processes are the manual work of masters with many years of experience
- We have established production of a wide range of products (over 2,000 items) from European and Ukrainian materials

- **We specialize in the production of brass chandeliers. Our products are mainly intended for interior designers and valued customers.**
- **Advanced design technologies and craft skills are expertly combined in our production. The entire production cycle (from the idea to the final product) is made inside of our company, which allows us to ensure attention to details and design at all stages of project implementation.**
- **The presented products are a vivid example of the desire for perfection, which distinguishes the production of TM "Fabryka Svitla". These are not just chandeliers, but objects that create a certain prestigious and noble atmosphere in the room they are installed.**
- **Decors made of brass casting turn the idea into a unique visible form. With the help of skillful and professional hands, sheet and tubular brass brings the designer's ideas into life. Starting from sketch to prototype and final product. Processing and giving the details a specific color (patina, glossy patina, dark patina, matte and shiny "gold", white patina and white "gold") is done exclusively with the help of experienced craftsmen. The final quality of the chandelier is ensured by qualified installation professionals.**
- **We can support architects and designers in developing and implementing their ideas in exclusive brass products.**
- **The desire for beauty is manifested in the scrupulous execution of products, in which nothing is accidental. Everything is aimed at creating a drop of art from even the simplest object.**

**The face of our company is exquisite collections with a claim to works of art that will meet the requirements of wealthy aristocracy**

**Unique design and reasonable price distinguish the segment for the middle class**

**The unprecedented increase of the prices for materials led us to the creation of a budget line for budget-conscious and mass consumers**

**We will be happy to cooperate with you!**
