INTRODUCTION

Thank you for your custom. We are confident you will enjoy your new vehicle and go on to experience continued trouble-free motoring.

This guarantee will contribute to the cost of repairs that need to be made to your vehicle due to the unforeseen mechanical breakdown of the parts covered. Mechanical breakdown is the sudden and unforeseen failure of a part arising from any permanent mechanical or electrical defect, (for a reason other than wear and tear, normal deterioration or negligence) causing a sudden stoppage of its function, necessitating immediate repair or replacement of the part before normal operation can be resumed.

This guarantee does not replace your consumer rights.

If you think that your vehicle has developed a fault that may be covered by this guarantee, please notify the administrator on 0330 027 0192. The administrator has a network of nominated repair centres who will carry out repairs on our behalf. We do reserve the right to use these repairers to effect repairs to your vehicle.

4. CARING FOR YOUR VEHICLE

Failure to service your vehicle in line with the manufacturer's recommendations will not invalidate this guarantee. However, this guarantee will not cover faults attributable to or caused by a lack of routine or regular maintenance.

It is your responsibility to ensure that your vehicle is maintained in a legal and roadworthy condition at all times by following the manufacturer's recommended service schedule.

5. GENERAL CONDITIONS

By taking out this guarantee you agree to comply with the following conditions. If you do not comply with them we may choose to cancel this guarantee, refuse to deal with your claim or reduce the amount of your claim.

5.1 You must take all reasonable steps to avoid damage to your vehicle or components. This guarantee will not cover damage caused by continued use after a fault occurs.

5.2 In order to maintain the validity of your warranty you must have the Vehicle serviced by a VAT registered repairer and look after the Vehicle in

accordance with the manufacturer's Servicing Handbook and ensure that the manufacturer's recommended type, grade and quality of engine oil is used. To prove this, you should make sure the garage fills in and stamps your Servicing Handbook. You should also keep all service invoices (which you must ensure detail the exact oil specification used) as you must verify that correct servicing has been completed when repairs are made under the warranty. You should also ensure that the cambelt is changed in line with manufacturer's recommendations (documented proof of this will be required in the event of a claim for cambelt failure). 5.13 Contribution - It is not the intention, implied or otherwise, of the warranty to make new vehicles from old. Where replacement components are fitted to replace old worn components which have suffered a breakdown, this results in your vehicle being in a better condition than it was before the breakdown, so you are required to pay a contribution towards the cost of the repairs. For vehicles older than 6 years or with more than 60,000 recorded miles, this warranty will provide cover based upon the limits detailed in the customer schedule and in accordance with the following table based upon vehicle age and mileage at time of failure.

Contribution Scale

Age or Mileage	Your Repair Contribution
Up to 6 years, or 60,000 miles	0%
Over 6 years, or 60,000 miles	20%
Over 7 years, or 70,000 miles	30%
Over 8 years, or 80,000 miles	40%
Over 9 years, or 90,000 miles	50%

The mileage limits as stated above are the total miles from the date of the vehicle's first registration for use on the road.

Where a vehicle has high mileage for its age, the mileage will be used to determine the contribution scale that is applied to your claim. Where the vehicle has low mileage for its age, the age will be used to determine the contribution scale that is applied to your claim.

The repair contribution is applied to the net cost of repair, excluding VAT.

6. IF YOUR VEHICLE HAS A FAULT

If you think that your vehicle has a fault that may be covered by this guarantee, you must contact the administrator in the first instance. Telephone number: 0330 027 0192. The claims department is open from 9:00 am to 5:00 pm Monday to Friday. The administrator will require the following information, so please have this to hand when telephoning:

- a. your guarantee number and registration number of your vehicle;
- b. current mileage on your vehicle; and
- c. your vehicle's service history.

You will need to take your vehicle to a repairer. The administrator has a nationwide network of nominated repairers who are familiar with the administrator's claims and billing procedures.

The administrator shall recommend these repairers wherever possible. If a suitable nominated repairer cannot be located the administrator will agree to a suitable local alternative with you. You should then take your vehicle to the repairer and give them your permission to investigate the fault. The repairer should then contact the administrator to discuss their findings and obtain our permission to carry out the repair. No repairs can be carried out without the administrator's permission as evidenced by an authorisation number.

When the administrator authorises a repair it will do so by issuing a unique authorisation number to your repairer. Repairs must not be started until the administrator has given this number to you or your garage.

6.1 Investigation

You must authorise any dismantling of components for inspection and you will be responsible for the cost incurred if the repair is not covered by this guarantee. Dismantling costs will only be paid as part of an authorised repair.

6.2 Assessing the repair

The administrator reserves the right to use an Independent Consulting Engineer to inspect your vehicle, the failed components and the vehicle's service history before the administrator authorises a repair. Whilst the administrator will make every effort to ensure this happens with the least delay and inconvenience to you, they shall not be liable for any losses you incur through any delay.

6.3 Labour and component costs

Labour times will be reimbursed in accordance with the times given in Glass's ICME Manual at the rates charged by the administrator's nominated repairers unless agreed beforehand. The administrator may ask the repairer to use guaranteed exchange units or factor components in repairing your vehicle.

6.4 Indemnity and costs

This guarantee is a contract of indemnity. This means that if repairs to your vehicle make it better than it was immediately prior to the mechanical breakdown, you may be asked to pay a contribution towards the costs. Not all the costs of the repair will always be covered by this guarantee. Additional repair costs and those not covered by this guarantee must be paid for by you.

6.5 Invoicing

You or the repairer must send the administrator an original, fully detailed and itemised invoice and any proof of service that the administrator requires. Please clearly mark on the invoice to whom the administrator should make payment. Photocopies of invoices will not be accepted. Only the amount authorised by the administrator for the claim will be paid. Payment of any

authorised claim will not be paid until the guarantee premium has been received by the administrator.

6.6 On completion

Wherever possible, the administrator will pay the repairer directly up to the amount authorised. You must make arrangements to cover any costs not covered by this guarantee. If you are VAT registered, we will not pay the VAT element of your claim.
